**GREAT LAKES HALL OF FAME**

The Great Lakes Hall of Fame is dedicated to the memory of those explorers, inventors, shipbuilders, sailors, and countless others who have made a contribution to the exploration and development of the Great lakes through the eras of sail, steam, and present.

Their braveries, their talents, and their ideas have powered the development of the Great Lakes transportation systems, thus opening the heart land of North America to settlement and commerce.

The skill and dedication of these people and thousands of others was needed to fulfill tremendous potential of the Great Lakes.
